Department of Mechanical Engineering

Innovative Teaching Method

Course: Mechanical Measurements & Metrology Semester: IV

Course code: 15ME46B

Course Coordinator: Hemanth Kumar C

Objectives

- To improve comprehension in mechanical measurements & metrology.
- To help students prepare for national/ international level entrance tests.
- To enable students to be better prepared for placement interviews in core companies.

Description

- A google form is created to test the student comprehension in Mechanical Measurements & Metrology course.
- The form includes quiz questions related to the concepts developed in the theory.
- The form is shared among the students through google group.
- The student will furnish basic details like Name, USN before attempting the quiz.
- Once the student submits his/her response, the response is evaluated and the score is displayed with correct answers for his/her reference.
- Consolidation of all responses followed with feedback analysis is carried out after the due date for submission of responses.
