Innovative Teaching Methods

Title of Innovation method/activity: Dumb Charades
Faculty / Inventor: Priya R Sankpal **Designation:** Assistant Professor

Course Name: Network Security (VIII semester)

Goals / objective of method: To kindle interest/enthusiasm.

Topic covered through activity:

Basic definitions: Security concepts, Symmetric ciphers

Description of method (8 – 10 lines):

It's a game in which the players take turns at acting out in pantomime a word, phrase, title, etc., which is to be guessed by other students in the class. Simple rules of the activity are:

- Lip movement or any kind of sound is unacceptable
- Any word to be guessed should not be directly pointed out to other team members.
- Any word can be broken into maximum of two parts.

Benefits of method:

This activity serves as a technique to memorize / remember the concepts with ease.
