

BNM Institute of Technology
An Autonomous Institute under VTU

Institutional Development Plan

In the next 5 years,

1. Placements, entrepreneurship, higher studies: Our goal is to ensure that every student who gets admitted to BNMIT will either go with his/her dream job or will become an entrepreneur or go for higher studies of their choice.
2. Ranking: We would strive hard to maintain NIRF ranking well within 200 by improving our Teaching, Learning process, Research and Innovation, Peer perception and Internationalization
3. Interdisciplinary approach: We would like to promote the collaboration of students from multiple disciplines to build solutions for complex and real-life problems
4. Accreditation: We will ensure that Institute will have better and higher rankings from NAAC and all the programmes are accredited by NBA.
5. University status: We will try our best to achieve University status for the Institution.
6. Centre of Excellence: To bring in the essence of corporate culture among the students well before graduation we would like to collaborate with many more Industries and establish their Centre of Excellence in the Institution premises.
