An Autonomous Institution under VTU

## Internal Funding Scheme 2023-24

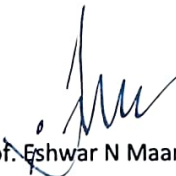

### Research Proposal Presentation

12.01.2024 at 3 pm

#### Minutes of Meeting

1. Three research proposals were submitted for internal funding scheme. The presentation of these proposals was conducted on 12.01.2024 at 3pm in Additional Director's office.
2. The proposal titled "Effect of heavy metal oxides on structural and non-linear optical properties of borate glasses for nonlinear optical device applications" was presented by Dr. Prasad K N N and team.  
Comments: The team was asked to present realistic budget, outcome that must include 5 student projects, 3 publications and a patent. Also, to give phase wise budget details.
3. The proposal titled "Analysis of Market potential for digital assessment system in Autonomous Institutions at Bangalore" was presented by Dr. Mukund Sharma and team.  
Comments: Detailed budget to be submitted. 2-3 paper publications and a detailed outcome must be presented. Justification for the budget must be provided.
4. The proposal titled "Design and development of intelligent algorithms and control schemes for Battery Management System in Electric-Mobility Applications" was presented by Dr. Shubha Rao and team.  
Comments: The team was asked to present the actual and detailed budget and outcomes.
5. The review meeting will be held on next Wednesday, 17 Jan 2024.

  
Dr. Jyoti R Munavalli  
Research Coordinator  
BNMIT

  
Prof. Eshwar N Maanay  
Dean,  
BNMIT

  
Dr. S. Y. Kulkarni  
Additional Director,  
BNMIT
