BNM friends of nature club members participating in Bird watching Field trip at Kokkare Bellur

BNM friends of Nature Club Members participating in Friends of Bandipur Program at Himavad Gopalswamy Betta

River Rafting & Water Navigation Training

BNMIT Nature Club students practicing collaborative paddling and navigation maneuvers aboard inflatable river rafts during the aquatic adventure training session.

Base Camp Assembly at Monolithic Hill

The wilderness expedition delegation assembled at the foothills of the granite monolith, equipped with bamboo trekking poles prior to the rock ascent.

Canopy Trail Jungle Trek

Student naturalists navigating the dense tropical forest trail, studying indigenous Western Ghats undergrowth and canopy ecology.

Contingent Arrival at Kulgi Nature Camp

Full student delegation and faculty coordinators assembled at the iconic entrance portal of Kulgi Nature Camp in Kali Tiger Reserve.

Field Station Gathering at Kulagi Timber Trails

Nature Club members in camouflage field vests gathered at the Kulagi Timber Trails Camp gate in the Dandeli forest range.

Field Taxonomy & Avian Specimen Study

Students and forest naturalist conducting a hands-on examination of an avian feather specimen during an early morning field identification session.

White Water Rafting on the Kali River

Student team maneuvering an inflatable raft through river waters, developing synchronization, endurance, and aquatic team confidence.

Celebratory Rafting Salute & Team Synergy

Triumphant Nature Club rafters balancing on an inflatable river raft with oars raised, embodying leadership, team cohesion, and spirit of adventure.

Stream Habitat Study & Riparian Ecology Briefing

Students in field camouflage jackets observing freshwater riparian dynamics and resting near a forest stream pool during a wilderness trek.
