

Save Nature Save Wildlife

Horticultural Nursery & Forest Department Field Orientation

BNMIT Nature Club student naturalists attending an experiential botanical orientation and biodiversity briefing inside the departmental plant nursery with forest officials.

Wetland Bird Rehabilitation & Aviary Ecology Study

Students observing captive breeding, feeding habits, and rehabilitation protocols for Painted Storks and waterfowl during their wetland sanctuary visit.

Community Outreach: Eco-Kit & School Bag Distribution Drive

BNMIT Friends of Nature Club members distributing educational kits and school bags to students of the Government Upgraded Higher Primary School in Gundlupet taluk.

Distinguished Guest Dignitary Logbook Endorsement

Eminent wildlife author and conservationist recording his reflections in the BNMIT institutional visitors' logbook alongside Secretary Sri Narayan Rao R. Maanay.

"Save the Tiger – Save Water" Campus Conservation Rally

Students and faculty gathered on campus rallying behind the 'Save the Tiger' mandate, linking apex predator protection with river catchment security.

Public Wildlife Awareness Walkathon at High Court & Cubbon Park

Nature Club volunteers carrying informative banners and placards during an urban conservation march through Bengaluru to champion biodiversity preservation.

Indigenous Bovine Heritage: "Hug Kamadhenu" Awareness Event

Students interacting with and feeding indigenous Gir cows during the annual on-campus demonstration highlighting native cattle biodiversity and sustainable organic agriculture.

Wildlife In Situ Documentation: Royal Bengal Tiger on Patrol

Photographic documentation of a magnificent Royal Bengal Tiger in its natural habitat during a wildlife monitoring and habitat assessment safari.

Institutional Environmental Oath & Sustainability Pledge

Freshmen engineering students taking the solemn Nature Club sustainability pledge in the BNMIT auditorium, committing to ethical stewardship and green campus practices.

Eco-Friendly Seed Ball Preparation & Afforestation Workshop

Students and young participants handcrafting indigenous tree seed balls from rich soil and compost to be dispersed along forest fringes for natural reforestation.

Campus Afforestation Initiative: "Trees For Free" Drive

BNMIT Secretary Sri Narayan Rao R. Maanay, faculty members, and student naturalists launching the sapling planting drive across campus in collaboration with TreesForFree.org.

Urban Biodiversity & Street Canopy Documentation Walk

BNM Friends of Nature Club student volunteers carrying out urban tree inventory, bird watching, and micro-habitat surveys along Bengaluru city avenues.

Vidhana Soudha Conservation Walkathon & Public Awareness Rally

The complete Nature Club rally contingent and faculty assembled outside the historic Vidhana Soudha with institutional banners to advocate wildlife and forest protection.

Eco-Habitat Restoration & Seedling Sowing Drive

Student naturalists preparing saplings and eco-friendly compost bags for afforestation and green belt replenishment during a rural field conservation drive.

Apex Predator Conservation: In Situ Royal Bengal Tiger Sighting

A wild Royal Bengal Tiger documented in its natural habitat during a biodiversity assessment and conservation tracking drive at the Tadoba-Andhari Tiger Reserve.

Neighborhood Greening & Green Corridor Plantation Campaign

BNMIT administration, staff, and student volunteers planting and watering native saplings in the Banashankari neighborhood to expand urban green cover.
