Advertorial

"STUDENTS MUST DEVELOP THE ABILITY TO APPLY THEIR KNOWLEDGE IN PRACTICE"

- Devendra Malhotra

- **BNMIT holds Graduation Day ceremony**
- **576 students awarded degrees; 34 students receive gold medals**

BENGALURU
Date: 25 Oct, 2026

Education should not be limited to earning a degree. Students must develop the ability to apply their knowledge in real-life situations, said Devendra Malhotra, Senior Vice President and Chief Operating Officer, Technology Services Global Business Line, Wipro Limited.

Addressing the Graduation Day ceremony organised by BNM Institute of Technology (BNMIT), Malhotra said that technical knowledge, communication skills, problem-solving abilities and teamwork are essential for success in today's competitive world.

He highlighted that the technology sector is constantly evolving, with emerging technologies such as Artificial Intelligence (AI) bringing significant changes to the job market. He encouraged students to embrace continuous learning, stay curious, adapt to new technologies and constantly upgrade their skills.

He also advised students to build confidence, creativity and discipline, while striving not only for career success but also to make meaningful contributions to society.

A total of 576 students received their degrees at the ceremony. As many as 34 students were honoured with gold medals, with **Monisha winning four gold medals** and **Harshitha receiving two.**

"Along with earning an engineering degree, students should also develop human values. They should study to gain knowledge. They must remember that companies value their talent as much as, if not more than, their academic marks. By using their knowledge to attain a high position in society, they should bring pride and respect to their parents and teachers."

- Narayana Rao R. Maanay
Chairman,
BNM Group of
Educational Institutions
